

Hammersmith Regatta
22 April 2017

CIRCULATION PATTERN
RISING TIDE (High water 11:40)
Racing Upstream (Flood) from 08:30 until 11:15

Note: No rowing practice should occur on or near the course. Any practice should be conducted well downstream of the start. Crews should continue downstream on Surrey operating the **Tideway** rowing code – that is as close to bank as is safe and practicable, and turn onto the starboard side of the fairway to come up with the tide. Care should be exercised for other river users travelling in the fairway.

NOT TO SCALE

Marshal's Boat
Crews to marshal downstream of this boat as close as possible to Surrey shore with bows pointing upstream in single file. Await orders from the Marshal.
